

Florida CAM Packet Starter

Prepare a Florida CAM reconciliation package with insurance and tax support prompts.

Phone Summary

- Use this when you need to prepare a Florida CAM reconciliation package with insurance and tax support prompts.
- Start with the first two checks on your phone. Finish the workbook or packet on desktop.
- Keep the lease excerpt, GL export, rent roll, and reviewer approval with the final file.
- Next step: run the same check in CapVeri during a 30-day trial.

This resource is an operational aid, not legal advice. Confirm final CAM billing positions with the governing lease and counsel where required.

Practical Review Workflow

Step	Checkpoint	What good looks like
1	Confirm local package requirements	Adapt the reconciliation cover and support checklist for Florida CAM package.
2	Tie charges to lease language	Separate recoverable, excluded, capped, and notice-sensitive expense categories.
3	Build tenant statement	Show estimates, actuals, credits, balance due, and support references.
4	Review tax and insurance drivers	Document changes that often create tenant questions in this market.
5	Archive support	Keep the final package, source reports, and approvals together.

Package Sections

- Use this Florida CAM package outline to organize tenant summary, expense pool detail, variance notes, and support references.
- Show statutory or market-sensitive items as review prompts, not legal conclusions.

State-Specific Review Prompts

- Confirm tax assessment, insurance renewal, and notice timing assumptions.
- Have counsel review any local-law disclosure or tenant-right language before sending.

Final File Checklist

- Signed lease excerpts, source reports, reviewer sign-off, and tenant-facing copy.

Quality Gate

- Before sending, confirm the workbook or packet ties to source reports, lease authority, reviewer initials, and a dated final archive copy.
- Escalate unresolved exclusions, manual overrides, legal interpretation, or tenant-specific concessions before relying on the output.

CapVeri Follow-Up

- Use CapVeri when you need deterministic CAM math, lease-aware validation, and audit-ready export packages across a portfolio.
