California SB 1103 compliance	PDF	15-30 minutes

This resource is an operational aid, not legal advice. Confirm final CAM billing positions with the governing lease and counsel where required.

Practical Review Workflow

Step	Checkpoint	What good looks like
1	Identify covered California space	Confirm whether the tenant and premises fall under California SB 1103 disclosure rules.
2	Check fee transparency	List CAM, tax, insurance, admin, and other operating charge categories separately.
3	Attach support	Keep budget, prior reconciliation, lease language, and written explanations with the disclosure file.
4	Review timing	Confirm required notices and estimate updates are sent before billing deadlines.
5	Escalate ambiguity	Send unclear lease or statutory questions to counsel before issuing the package.

California Disclosure Checks

- Identify mandatory fees separately from optional services and pass-through estimates.
- State whether CAM, taxes, insurance, and admin charges are estimates or fixed amounts.
- Keep copies of written explanations provided before lease execution or renewal.

Evidence File

- Lease or amendment language supporting each operating cost category.
- Budget, prior-year actuals, property tax notices, insurance renewal, and vendor contract changes.

Caveat

- This is not legal advice; confirm SB 1103 applicability and disclosure language with California counsel.

Quality Gate

- Before sending, confirm the workbook or packet ties to source reports, lease authority, reviewer initials, and a dated final archive copy.
- Escalate unresolved exclusions, manual overrides, legal interpretation, or tenant-specific concessions before relying on the output.
