

# California CAM Packet Starter

Prepare a California-specific reconciliation package checklist and disclosure outline.

## Phone Summary

- Use this when you need to prepare a California-specific reconciliation package checklist and disclosure outline.
- Start with the first two checks on your phone. Finish the workbook or packet on desktop.
- Keep the lease excerpt, GL export, rent roll, and reviewer approval with the final file.
- Next step: run the same check in CapVeri during a 30-day trial.

This resource is an operational aid, not legal advice. Confirm final CAM billing positions with the governing lease and counsel where required.

## Practical Review Workflow

| Step | Checkpoint                         | What good looks like                                                                |
|------|------------------------------------|-------------------------------------------------------------------------------------|
| 1    | Confirm local package requirements | Adapt the reconciliation cover and support checklist for California CAM disclosure. |
| 2    | Tie charges to lease language      | Separate recoverable, excluded, capped, and notice-sensitive expense categories.    |
| 3    | Build tenant statement             | Show estimates, actuals, credits, balance due, and support references.              |
| 4    | Review tax and insurance drivers   | Document changes that often create tenant questions in this market.                 |
| 5    | Archive support                    | Keep the final package, source reports, and approvals together.                     |

## Package Sections

- Use this California CAM disclosure outline to organize tenant summary, expense pool detail, variance notes, and support references.
- Show statutory or market-sensitive items as review prompts, not legal conclusions.

## State-Specific Review Prompts

- Confirm tax assessment, insurance renewal, and notice timing assumptions.
- Have counsel review any local-law disclosure or tenant-right language before sending.

## Final File Checklist

- Signed lease excerpts, source reports, reviewer sign-off, and tenant-facing copy.

## Quality Gate

- Before sending, confirm the workbook or packet ties to source reports, lease authority, reviewer initials, and a dated final archive copy.
- Escalate unresolved exclusions, manual overrides, legal interpretation, or tenant-specific concessions before relying on the output.

## CapVeri Follow-Up

- Use CapVeri when you need deterministic CAM math, lease-aware validation, and audit-ready export packages across a portfolio.
