

Tenant CAM Dispute Response Letter

Draft a structured response letter for tenant CAM objections and backup requests.

Phone Summary

- Use this when you need to draft a structured response letter for tenant CAM objections and backup requests.
- Start with the first two checks on your phone. Finish the workbook or packet on desktop.
- Keep the lease excerpt, GL export, rent roll, and reviewer approval with the final file.
- Next step: run the same check in CapVeri during a 30-day trial.

Best use tenant dispute response	Resource type PDF	Review time 15-30 minutes
--	-----------------------------	-------------------------------------

This resource is an operational aid, not legal advice. Confirm final CAM billing positions with the governing lease and counsel where required.

Practical Review Workflow

Step	Checkpoint	What good looks like
1	Acknowledge the dispute	Identify the tenant, period, disputed amount, and response deadline.
2	Summarize landlord position	Tie the response to lease sections, calculations, and source support.
3	Address each objection	Use a table for tenant claim, support reference, decision, and next step.
4	Attach backup	Include only relevant support and offer a structured follow-up process.
5	Reserve rights	Avoid informal language that waives lease remedies or collection rights.

Letter Blocks

- Use the Dispute Letter structure to keep the response factual, lease-grounded, and easy to audit.
- Acknowledgement, landlord position, response table, support references, and proposed next step.
- Use neutral language and preserve all rights under the lease.

Response Table Fields

- Tenant objection, lease reference, source evidence, landlord response, accepted correction, and open issue.

Approval Notes

- Route concessions, settlement offers, and legal interpretations for approval before sending.

Quality Gate

- Before sending, confirm the workbook or packet ties to source reports, lease authority, reviewer initials, and a dated final archive copy.
- Escalate unresolved exclusions, manual overrides, legal interpretation, or tenant-specific concessions before relying on the output.

CapVeri Follow-Up

- Use CapVeri when you need deterministic CAM math, lease-aware validation, and audit-ready export packages across a portfolio.
- Start a 30-day trial at <https://app.capveri.com/auth/register>.
